TxDLA 2020 Annual Conference

TxDLA has created partnership opportunities for companies, organizations, and schools to leverage their visibility and connect on a deeper level with our individual members. By becoming a partner, your brand will be presented to our membership throughout the year! Our partners get a platform to showcase their products, services, and publications in front of the distance learning community in Texas and beyond, as well as networking opportunities with distance learning leaders, and prominent recognition at our annual conference.

This year's annual conference takes place March 22-25 in Fort Worth, TX.

See conference20.txdla.org/exhibit for details & packages
